The personality leadership training for Wal-Mart managers has been the best I've attended in years. Susan, I've never seen the entire audience so captivated!

**M.J. - Wal-Mart Mkt. HR Manager**

Susan, your speech was **FABULOUS!** I had lots of people come to me afterwards and asked if we could get you to come back and speak again. You really helped us learn how to communicate!

**J.P. - MOPS International**

Susan Crook's personality training was the most effective training we've ever experienced, easily exceeding our expectations. Our employees enjoyed the sessions immensely and are still applying the skills and strategies yet today. I highly recommend personality training by Susan Crook. It has paid for itself a thousand times over by improving communication, cooperation, and ultimately increasing company profits.
